EDUCATION

Motilal Nehru National Institute of Technology Allahabad

Bachelor of Technology in Computer Science Engineering

2024 – Present

CGPA: 8.3 (till 4th semester)

Amity International School

Central Board of Secondary Education (CBSE) - Senior Secondary

2024

91%

Amity International School

Central Board of Secondary Education (CBSE) - Secondary

2022

89.4%

PROJECTS

Aegis-X: Deepfake Forensics Pipeline

Tech Stack: Python, PyTorch, OpenCV, NumPy, Pandas, CUDA

- Architected a GPU-accelerated forensics pipeline using PyTorch and CUDA.
- Integrated spatial and frequency-based models to verify media authenticity.
- Engineered a modular architecture using OpenCV and NumPy for dynamic feature extraction.
- Optimized GPU utilization to significantly reduce model inference latency.

TECHNICAL SKILLS

- **Languages:** C++, Python, Java, SQL
- **Tools & Frameworks:** Git, Linux, VS Code, PyTorch, TensorFlow, OpenCV, NumPy, Pandas, Scikit-learn
- **Core Subjects:** Data Structures and Algorithms, Object-Oriented Programming
- **Areas of Interest:** Generative AI, Deep Learning, Computer Vision

CODING PROFILE

- LeetCode: dhruvgpt499_-
- Codeforces: Dhruv_Gupta422
- CodeChef: milton_bottle
